## To our customers and partners

Riedstadt, February 26th, 2020

### FORTEC Elektronik AG and Emtron electronic GmbH are growing together

Dear Sir or Madam,

to become faster, more efficient and even more attractive to our customers, the executive board of the FORTEC Elektronik AG has decided to offer their entire **Power Supplies portfolio** of the FORTEC Group through **Emtron electronic GmbH**. This decision was approved by our shareholders at the general meeting on 6 February 2020, so that we can start implementing it immediately.

For you as our customer this means:

- Continuous expert advice by known contact partners
- Wider range of products from a single source
- Faster deliveries from our logistics center
- Improved application support from the new headquarters in Riedstadt

We kindly ask you to change your master data accordingly or to update them as of April 1<sup>st</sup>, 2020. For the time being, you can contact your previous contact partners through the same telephone numbers and e-mail addresses. The contact details for Emtron electronic GmbH can be found at the end of this letter.

Our plan on how to keep this transition as simple and straightforward for you:

- Up to and including March 20<sup>th</sup>, 2020, please continue placing your orders with FORTEC Elektronik AG
  - The last delivery date from the FORTEC Elektronik AG warehouse will be March 20<sup>th</sup>, 2020
  - Subsequently, the FORTEC Elektronik AG warehouse will be relocated to the Emtron electronic GmbH address
  - **From March 21<sup>st</sup> to 30<sup>th</sup>, 2020 deliveries cannot be shipped**
  - Deliveries scheduled for this time frame will be shipped prior to the relocation
- ***Please call your contact person at FORTEC Elektronik AG if you cannot accept this one-time early delivery***
- As of April 1<sup>st</sup>, 2020 please send all orders to Emtron electronic GmbH only
  - As of April 1<sup>st</sup>, 2020 invoices will be issued by Emtron electronic GmbH only
  - All open orders at the time of transition will be processed by Emtron electronic GmbH with reference to the old order numbers. You will merely receive a new order confirmation; no further action is required from your side.

Our long-term strategy as part of the FORTEC group will not change. The most important motivation for our actions is and will always be to inspire you with our passion for solutions and to offer you constant and continuous support.

We are looking forward to continue our pleasant and successful cooperation with you. If you have any questions or suggestions, I will gladly remain at your disposal together with my entire team.

Yours faithfully,

Jörg Traum  
COO Power Supplies  
FORTEC Elektronik AG
